

CRPA-CARST Symposium on Radon and Radiation Protection

May 27 – 31, 2026
Saskatoon, SK

Author

Erin Curry

Organization

Canadian Association of Radon Scientists and Technologist (CARST)

Title

Beyond Testing: The Next Steps to Protecting Canadians from Radon,

Abstract

Currently wrapping up its eighth year, the 100 Radon Test Kit Challenge program has distributed over 30 000 radon test kits in more than 200 communities. For homeowners and communities, testing for radon is the first step, but what comes next? Erin's presentation will explore what happens next for participants in the 100 Radon Test Kit Challenge.
